

TOGETHER

IS BETTER

BEFORE

Pull Away

Place phones and devices in another location so you can be present during service

Pray

Ask God to prepare your heart to hear God through His Word and through time together in worship

Read

Consider reading Psalm 9:1–2 before the service starts

Listen

- Have your Bible with you and gather elements for communion
- Access the Worship Service: citizenschurch.com

DURING

- Sing along. This could feel awkward at first, but recall that you are singing together to our God even if not physically together. Our singing brings joy and allows us to interact with the God of all creation (Psalm 89:1, Psalm 132:9, Colossians 3:16).
- Read along with the teacher.
- Join us in taking communion.
- Embrace the obstacles and challenges that come along with church at home. God is with you even in the distractions and hurdles.

AFTER

- Pray and thank God for the gift of being able to worship virtually with others.
- Consider, talking through what you heard and how God spoke to you through the service with a friend or family member or by journaling.
